Where you can find the material

I have all the slides and the Rcode on the following github repo:

https://github.com/Japhilko/user_quickmaps

Example data can be downloaded here:

https://github.com/Japhilko/user_quickmaps/data

Necessary packages

I will use the following packages during the tutorial:

```r
install.packages(c("sf","sp","tmap","osmdata","osmplotr","eurostat","tmaptools","choroplethr",
                   "choroplethrMaps","ggplot2","dplyr","maps","raster","colorRamps",
                   "colourpicker","rgdal","tidycensus","elevatr","COVID19",
                   "giscoR","ggfortify","globe","WDI"))
```
